VOL. CXXXVI.—No. 60. ALEXANDRIA, VIRGINIA, WEDNESDAY, MARCH 10, 1920. PRICE ONE CENT

TAXES ON REALTY TO BE BOOSTED

Finance Committee Recommends Rate of $2.50 On $100.

CITY FACES DEFICIT

Action Deferred so Public May be Heard on Matter—Aldermen Vote Against Giving Armory

The finance committee of city council last night recommended that the new tax rate be increased from $2 to $2.50 on the $100 assessed valuation for the year beginning June 1, 1920 and ending May 31, 1921, It was stated that the increase tax of fifty cents on the $100 would be used for the public schools.

The proposed increase was opposed by a number of the members and after a protracted debate the resolution of Councilman Fletcher that the matter be referred back to the finance committee and a public hearing be held in order to give the taxpayers an opportunity to be heard was adopted.

President Burke told council that the city is facing a deficit and will have to do something. Unless something is done, he said, the public schools would have to be closed and he added none desired to do this. Mr. Burke said speedy action was necessary in order that the commissioner of revenue may get up his bills. He further stated that the city is now spending more money than it receives and the time is coming when the banks will not loan the city any more money. There is no use in dodging it, he said. This condition, he said, has been known. Mr. Burke also said that eventually the city will have to clear the present floating debt by a bond issue. The new assessment he stated probably would result in a decrease of the tax rate next year.

Those who participated in the debate on the measure included Councilmen Tiser, Ruben, Fletcher, McCaffrey, Baggett, Sullivan and others.

The ordinance provides a discount of five per cent if paid by July 1, 1920 and three per cent if paid by September 1, 1920. If not paid by December 1, 1920, five per cent is added and if not paid by June 1, 1921, 6 per cent damages is collected.

An ordinance for imposing and collecting licenses for the year beginning June 1, 1920 and ending May 31, 1921 was referred to the finance committee.

A resolution authorizing the finance committee to borrow an amount needed to meet deficit caused by excess appropriation for public schools, fire department, health, repairing streets and other things was referred to the finance committee.

Dr. Louis E. Foulks, city health officer, presented an ordinance for the collection of garbage and its regulation under the direction of the health department and providing penalties for its violation.

Dr. J. J. Garrey, deputy health officer, took the floor and stated he had conferred with a number of persons engaged in the work and the city would be divided off into districts and there would be a number of licensed collectors under contract for a year and probably there would be ten not under contract. After a debate this was refered to the health committee. He also told council it would not cost the city a cent, and the healt hdepartment would be responsible.

Permission was granted John S West to place gasoline tank in front of 900 Duke street, and L. W. Recker to erect garage in rear of 206 South Fayette street.

Petition of W. W. Boyce to erect gasoline tank in front of 104 South Washington street was referred to street committee as also was petition of T. M. Dunbarr to erect porch in rear of 1008 King street.

Resolution appropriating $100 for improvements at Reliance Fire Company's house was referred to finance and public property committee.

The board of aldermen non concurred in the action of common council in granting the use of the Armory to the Community Center and American Legion and also in refunding the $300 paid in rent by Leo M. Sweeney to Mr. Sweeney and laid the matter on the table and the lower board concurred in their action.

Villages in Transcaucasia Wiped Out Sulphur Springs Open on Peak of Mountain

Several hundred persons are dead and thousands of others are homeless as a result of an earthquake February 25, which destroyed Makhet, Grakali and other villages within a radius of 60 miles west of Tiflis (Transcaucasia.)

The city of Tiflis was shaken and many buildings were severely damaged.

Thousands of refugees are pouring into Tiflis. The constituent assembly of the republic of Georgia immediately voted 20,000,000 rubles for first aid to the sufferers.

The railway between Tiflis and Batoum was severely damaged by the earth shock, while the station was destroyed at Gori, a short distance northwest of Tiflis. The town of Gori was virually wiped out and a hundred dead have already been recovered from the wreckage.

Twenty persons were killed at Uplisjin. Smoke is reported to be issuing from the summit of the mountain where the monastery of Goris-Ojavri stood and two great sulphur springs have appeared.

ECONOMIC CONDITIONS

Supreme Council of Allies Issues Memorandum on Situation

London, March 10.—The supreme council has issued a memorandum on world economic conditions. Among its conclusions are the following:

It is of paramount importance that peace conditions should be fully and completely restored at the earliest possible moment throughout the world.

To achieve this object it is desirable that peace and normal economic relations should be reestablished at the earliest moment possible through out eastern Europe; that armies everywhere should be reduced to a peace footing, that armaments should be limited to the lowest possible figure compatible with national security and that the league of nations should be invited to consider as soon as possible proposal to this end; that states which have been created or enlarged as a result of the war should immediately reestablish full and friendly cooperation and arrange for unrestricted interchange of commodities, in order that the essential unity of European economic life may not be impaired by the erection of artificial economic barriers.

It is most desirable in the interests of the allied countries no less than of Germany that at the earliest possible moment the total of repayments to be made by Germany under the treaty of Versailles should be fixed and that in accordance with the terms of the treaty and the reply of the powers to the German delegates, dated June 16, 1919, she should be enabled to obtain essential foodstuffs and raw materials, and, if necessary in the opinion of the reparations commission, should be allowed to raise abroad a loan to meet her immediate needs of such amount and with such priority as the reparations commission may deem essential.

In the case of Austria the powers recognize that even more active assistance may be required to be given."

PRIZES FOR 2 BEST STYLE SHOW FLOATS

Total of $45 to be Given for Best Decorations March 17th

DISPLAY MEN BUSY

Many Improvements are Already to be Noted in the Various Stores of the City.

Already marked by unusual activity on the part of practically every merchant on the list, an added impetus was given Alexandria's first cooperative Style and Fashion Show, scheduled to be held next Wednesday, Thursday and Friday, March 17, 18, 19, when the members of the Retail Merchants' Bureau, in session last evening, voted to give a total of $45 in prizes for the two best floats in the parade which will be a feature of Wednesday evening, March 17.

The prizes will be divided as follows: $25 to the merchant or business house of the city, showing the best selling decoration; $20 to be given for the most artistic float or private car. This latter contest may be participated in by any individual as well as merchant or business man.

Interest in the coming Style Show is growing rapidly and members of the bureau this morning began the distribution of the advertising matter. Windows are being remodeled in several of the stores and generous coats of paint are being applied in other places. The entire front of the Downham and Ridgeley store at the corner of King and Pitt streets is being remodeled and Abe L. Cohen, 118 King street, has repaired the interior of his windows and the entire front of the store.

Through the kindness of the Alexandria County Lighting Co., the large sign board, owned by the company and located on the Alexandria-Washington road near Hume station, is being used to advertise the Style Show, the painting being done at the Lighting Company's expense.

The Indian Guard Band, practically the only musical organization of which the city boasts, has kindly donated its services to the parade committee for the evening of the parade and they will furnish the music for the affair. A rising vote of thanks was tendered the Alexandria County Lighting Company and the band for their respective kindnesses.

Captain George H. Evans, business manager of the Chamber of Commerce, was delegated at the meeting last evening, to supply the necessary "red fire" for the big parade on the evening of St. Patrick's Day.

Automobile dealers are interested to the highest degree and the display of new cars and trucks in the parade promises to be one of the biggest and best ever held in Alexandria. The interest displayed in the initial attempt at a style show here, augurs well for future events of a similar nature.

IN MEMORIAM

In remembrance of Mrs. Jennie Walls Fahnline who departed this life March 10, 11 years ago today at her home in Sharon, Pa.

Far away beyond earth weeping,
In a home light divine,
Safe within the fathers keeping
Rest our treasure yours and mine.
May the heavenly winds blow softly
On that sweet and hollowed spot,
Mid the changing scenes of life
You shall never be forgotten.

BILL TO RAISE SALARY KILLED

Members of General Assembly Will Get No Increase

$500 FOR TWO MONTHS

Two Thirds of Time of Both Bodies Consumed on Woman Suffrage and Prohibition.

Richmond, Va. March 10.—Members of the Virginia legislature will not get an increase in salary at this session, which is now rapidly drawing to a close. The house put an effective quietus on a bill having that end in view when it refused to take the measure out of its order and advance it to its third reading and engrossment. The bill provided for a 100 per cent increase in salary of members of both branches. The annual stipend for two months work is now $500.

Fully two-thirds of the actual time of both bodies so far has been taken up with woman suffrage and prohibition. The program of the educational commission has been split up into a number of bills, some of which have passed. A series of amendments to the constitution as to the manner of choosing school trustees and levying school taxes are still pending in the Senate.

The present insurance laws have been to some extent revised and changes have been wrought in the workmens compensation act. The senate has acted favorable on a bill for reduction of the tax on real estate notes and on a plan for registration of party affiliation. Senator Cannon's bill for calling a constitutional convention, passed by the senate, is still ending in the house, with prospects of dying on the calendar along with considerable other legislation. Under the rules, each branch will after tomorrow consider only bills from the other.

By vote of 46 to 17, the house yesterday passed the Pitts bill, providing for appeal to the State Supreme Court as a matter of right.

BRYAN ATTACKS HITCHCOCK

Flays Senator's Presidential Candidacy as "An Insult to the States"

Lincoln, Neb., March 10.—Vigorous opposition to the Presidential candidacy of Senator Hitchcock, of Nebraska, was expressed by W. J. Bryan in his magazine, The Commoner, yesterday.

"His nomination would be equivalent to the announcement that the party has no desire for success or hope of victory," he said in a signed statement. Bryan attacked Hitchcock for voting against submission of the national prohibition and suffrage amendments, asserting his nomination would be "an insult to the States" and to women voters.

Bryan said as a delegate he would not vote for Hitchcock's nomination even if so instructed by the State. He would represent Democratic voters on all questions, but leave to an alternate the task of voting on the Senator's nomination.

SERMON ENDS STRIKE

Cleveland, Ohio, March 10.—After listening to a sermon on the love of God and the need to return to His teachings by John J. Walsh, conciliation commissioner of the United States Department of Labor, yesterday, and a promise by the company to adjust disputed points of an arbitration award with a committee of union employes, 550 striking packing houses employes of Swift and Co., here decided to return to work tomorrow.

About 800 men have been out a week in ten local plants, the largest of which was that of Swift and Co., and yesterday's settlement is expected to end the strike in other plants where similar grievances exist.

"The trouble with the world today is that the men have forgotten the teachings of the Savior," Mr. Walsh told the men.

Mr. Walsh similarly exhorted the management of the plant. He told the men that the company officials had promised to abide by an award of Judge Alschuler, of Chicago, on December 1 last.

The walkout at the Swift plant arose in part over the refusal of the management to pay women the same rates as men, the strikers said. In the other nine plants the strikers said the companie were not paying the full bonus of $3.50 a week ordered by Judge Alschuler.

ROBBERS KILL CASHIER

Kansas City, March 10.—Cashier Glenn M. Shockey, of the South Side Bank, was shot and killed yesterday Maurice J. McNellis, treasurer and James Smith, janitor of the bank, were wounded, when four youthful bandits sought to rob the institution.

One of the robbers was dropped by a shot from Henry Strohmeyer, a bookkeeper, as he was about to step into the waiting automobile in which the escape was made. Two of the bandits sprang from the car and dragged their fallen companion into it and then sped away.

Shockey grabbed his gun from his desk as one of the robbers shot McNellis and emptied its contents at the intruders, apparently without effect. One of the men who was standing near Shockey, fired point blank at him and the cashier sustained a fatal wound in the breast. The robbers got no loot.

WOULD TAX PILOTS

Richmond, Va., March 10.—In a special message to the General Assembly, Governor Davis, speaking for the State Tax Board, Monday recommended a special license tax of 5 per cent of the gross annual income of the Virginia Pilots' Association. This, it is estimated, would yield from $75,000 to $100,000 a year.

In his message, he said: "The Virginia pilots who enjoy enormous incomes through special privilege granted by laws of the State pay only $50 each as an annual license fee. The State is in need of revenue and these men who profit by special privilege should contribute their fair share to the support of the State government."

INCREASE IN TAXATION

With no intention of impugning the motives of certain Councilmen who last night conducted the successful fight against the adoption of the report of the finance committee providing for an increase of fifty cents taxation upon every one hundred dollars' worth of city property in order to meet the growing expenses of running the city, we think the time has come when both people and representatives of the people should awake to the fact that we are well into the twentieth century, when everything, wages especially, have advanced with a hop, skip and a jump. People engaged in private enterprises have long realized this and they make no attempt to conduct their enterprises upon conditions existing a third of a century or more ago.

The man who is called upon to pay taxes today is receiving for his services at least twice as much as he did the latter part of the previous century, and he should realize that the city is called upon to pay increased prices upon everything needed, as well as much higher salaries for its employees.

In 1879, when the funding bill was brought to its birth, it was then seen that taxes should be raised or expenses cut. The latter mode was adopted. The actual salary of the Mayor was brought down to less than one dollar per day. He, of course, is allowed two and a half per cent on licenses he collects, totalling between six and seven hundred dollars a year.

The salaries of all city officials were cut to the lowest figures. The clerk of the Board of Aldermen at that time received two hundred dollars a year. This was reduced to one hundred, but later five per cent was added making one hundred and five dollars a year, the figures at which it stands today. The overseer of the almshouse receives $25 a month, the same paid in 1831, as will be seen by the Alexandria Gazette of that year.

The clerk of the gas was paid $45 a month. He now receives $100.

Policemen were then paid $45 per month. They now receive $100. The paid members of the fire department have had their pay increased at different times, while men who work upon the streets are at present receiving double their former pay.

No one relishes increased taxation, but in order to keep up with the times this at times is inevitable.

The members of the City Council fill complimentary positions; they receive no pay. They are generally property owners themselves, and in voting to tax others they tax themselves.

We hope that before the next meeting of the city fathers present conditions will be better realized.

DON'T WASTE TIME

It's a waste of time to experiment with liniments and plasters when you have a dull, throbbing backache or sharp, stabbing twings. Get after the cause! Help the kidneys with Doan's Kidney Pills. Read this.

William Dawson, blacksmith, 806 Duke street, Alexandria says: "Before I started using Doan's Kidney Pills I had rubbed my back with liniments and taken different remedies without any relief. My back got so weak and sore I could hardly pick up anything and I had to take hold of something to help me straighten up. Mornings my back felt as though it were broken. Sharp, shooting pains would catch me, and I got so I though thought I would have to give up. Finally, through the recommendation of a friend, I tried Doan's Kidney Pills, which I bought at Summers' Drug Store. Doan's soon convinced me they were the remedy I needed, and before long my back felt so strong I could shoe horses all day and not feel a bit worse for the strain." (Above statement given April 13, 1915).

A NERVOUS WRECK

From Three Years' Suffering, Says Cardui Made Her Well

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

Banish Pain

THERE is no use living—no one can work or play when they are not feeling well and strong. Life, without health and strength, is a mere painful, pleasureless existence.

One of the most important conditions of good health is to keep the kidneys normal and active. When weak or deranged, they do not filter out of the blood the impurities that should be eliminated from the system. When these impurities remain, the blood stream is poisoned and pain and suffering result.

Foley Kidney Pills

aid and assist Nature. They strengthen and invigorate weak or diseased kidneys and help them keep the blood stream pure and clean, banishing backache, rheumatic pains, stiff or swollen joints, sore muscles, and other symptoms of kidney trouble.

W. R. Fox, 195 W. Washington St., Noblesville, Ind., writes: "After suffering many months with kidney trouble, and after having tried other remedies for the same, I purchased a bottle of Foley Kidney Pills and took them. They not only did me more good than any other kidney remedies I ever have used, but they positively set my kidneys right. Other members of my family have used them with similar results."

No Other Light Car Offers So Much

Unusual power and control, quick pick-up and extraordinary acceleration to real speed, are features inherent in the Cleveland Six and features with which Cleveland owners are delighted.

Many a Cleveland Six owner has said, "It would be hard to tell you what a good car the Cleveland honestly is. It's wonderful."

The Cleveland is wonderful because it is a splendidly developed and finished product, not a car rushed into the market. Three years ago the plans for production of this car were far advanced. But, with war approaching, production and marketing were delayed though experimental and engineering work were continued and test cars kept on the road. When war ended, came the Cleveland.

Built in a fine big factory, with all conditions and equipment assuring the very best of manufacture, and built by men whose successful experience had been wholly in the production of fine cars, the Cleveland Six began rolling out to the world last August. Since then thousands have gone to delighted owners, and thousands more are going every month.

There isn't any other light car that will give you so much of all that you wish, and at such a fair price.

Come let us show you what a car the Cleveland is

You Can't Attract Friends When You're Feeling Dull and Despondent

Popularity Goes to the Red-Blooded Pepto-Mangan Brings, Vigor, Health and Happiness to Anemic Persons

When you're feeling your best—when you're brimming with happiness, "pep" and enthusiasm—people just can't help being drawn to you. You're a favorite wherever you go.

But when you're constantly tired and dull—when everything is too much trouble—when you're bored with yourself—it's natural that you affect your acquaintances likewise.

If you're not feeling up to par, you're not. If you're not sick exactly, but are just run down, what you need is a good tonic. The food you eat is not becoming energy-making, red blood.

Everyone gets run-down occasionally. But it's not necessary and is really dangerous to let this condition hang on. A bottle of Pepto-Mangan, the famous "red blood builder" would supply the iron and other properties your blood now lacks—would bring back your oldtime energy and enthusiasm—would put color in your cheeks and spring in your step.

Pepto-Mangan is agreeable and convenient to take, and endorsed by physicians everywhere. Can be had in either liquid or tablet form. There's no difference in their effectiveness.

Ask your druggists for Pepto-Mangan and be sure it's "Gude's"—the genuine. The name "Gude's" should be on the package.

Three of the Popular New Weaves in Wash Goods

There are so many new fabrics appearing in the Wash Goods Store this season, and they are all favorites, so that it is almost impossible to signify any one as more popular than another—but these three are very much in demand.

45-inch Imported Silk Embroidered Dot Organdy. These are embroidered in white and colors on colored grounds, and colored dots on white grounds. This imported organdy has a beautiful, wonderful permanent finish, and the silk dots on the organdy surface is strikingly lovely. The dots are in two sizes—one style has about a three-eighth inch dot, the other about one-quarter inch dot. The embroidery is done in pure silk thread. A yard $2.75.
